Care for the fetal patient

The board of the “Interuniversity training program in Prenatal Ultrasound and Fetal Medicine” invites you to a hybride symposium on the future of fetal medicine. The international faculty is represented by pioneers in the field. Your welcome to join us in Leuven or online where we handle all your questions and comments during a Q&A sessions at the end of the morning and afternoon program. Lectures remain accessible off line for 4 week after subscription.

On behalf of the board
